THE ORANGEBURG NEWS.

SATURDAY, NOVEMBER 2, 1867.

While we reserve to ourselves the right of defiing our own political position by means of our editorial columns, we will be pleased to publish contributions from our fellow-citizens upon the grave questions which now agitute the public mind, whether their opinions coincide with ours or not. A district newspaper, we consider should be an index of the various shades of pop-ular sentiment in the section of country in which it circulates. Our columns are open, therefore, for any communications properly written, accompunted by a responsible name, not personal in their character, nor absolutely injurious in their tendency.

Radical Nominations.

On last Saturday, the Radical party of Orangeburg District met in caucus at this place; and nominated a ticket for the black men to vote for, as delegates to the Convention. Considering that the white people had nothing to do with the matter at all, and being unable to find any colored men of the District, (with one exception) who they thought had sense enough to represent them, they nominated four strangers, whose only recommendation was that they professed to be better friends to them, than the white men of the country. EDWARD CAIN, an intelligent freedman of St. Matthews Parish, was the exception. Of the other four. we only know that one is from Ohio, where fifty thousand majority was last month polled against negro suffrage: another is from Pennsylvania, which declared the same doctrine at the same time: a third is a Charleston darkey, who can ride in the street cars in the city for ten cents, during the SICKLES-CANBY dynasty; and the fourth is Mr. E. W. MACKEY.

We advise our colored friends to send to Liberia, or some other foreign country, for a supply of candidates the next time. Just let it be known that they are in need of somebody with sense enough to represent them, and adventurers will flock in rapidly enough to supply the demand.

We do not exactly agree with these Radicals We think the colored people of this District have some very sensible men among them; who, even if they have not the "book-larnin" of the Radical stump speakers, have a good supply of "mother-wit," which would make them much better representatives, than persons, who may understand politics, but don't know anything about making corn and cotton. We were not surprised, therefore, to find the more intelligent of the colored people dissatisfied with the nomination. Rev. WM. DAN-NERT.Y, who was respected when a slave by all who knew him, and who bears still a high character in the District, was spoken of prominently as a candidate by many : but his friendly feelings to the white people did not suit the taste of the Loyal Leaguers; and they took advantage of the absence of himself and friends. to crowd him out. A meeting was held on Monday to reconsider the Saturday nomination: but it was no go: the nomination was

It will be very comfortable to our colored friends in this District, when their delegates go to the Convention, and make laws which will get them into trouble with the white people; and then, after the days of their triumph are over, and the days of adversity come to the colored race for their folly ;-it will be very comfortable to them to seek consolation of their present leaders! And where will those leaders then be? Will they be here to stand by them? No: one will be quietly back in Ohio and another in Pennsylvania, very willing to give up voting among their Northern people; and the third will no longer be riding in the street cars in Charleston. And the fourth, will still be-

The ORANGEBURG NEWS will be found every week to contain at least twelve columns of reading matter, including an Original or Selected Story, a piece of Poetry worth reading and preserving, something for the lovers of fun, something for the planter, something for the politician. We banish from our colums all advertisements of quack enterprises, such as Gift Sales Yankee Humbugs, Certificates to draw Jewelry and Pianos, &c., for we are unwilling to lend our assistance to such impositions on the public. We deem an insertion of such things a kind of recommendation of them to our subscribers, and that would be an injustice to them as well to the respectable advertisers, whose notices we insert from week to week.

Monday last: DR. H. BAER .- In connection with the change in the management of the News announced this morning, the proprietors are compelled to relinquish the services of Dr. H. Baer, who has been engaged in this office, as associate editor, almost from the very coinmencement of this paper. Dr. Baer's value as an accomplished journalist is so well known that it need searcely be referred to here; but the proprietors desire to express their high ability. They know his merit, and part from him with regret that is only softened by the fact that their personal regard will be undiminished, and that he who was, so to speak, the "god-father of the News" will still be its firm friend and supporter.

Important Movement.

A Conservative State Concention to meet next week in Columbia-the Programme

We learn from the Columbia Phanix that a meeting of the Conservative (white) citizens of Richland District was held on the 21st instant. at which the following resolution was adonted: Resolved, That a committee of nine be ap-State, to deliberate upon the present condition of our political affairs.

In accordance with this resolution the Chairman of the meeting-Hon. W. F. DeSaus sure-appointed a Committee, who prepared : circular, that has been extensively distributed broughout the State. This circular was addressed to prominent gentlemen, and is as fol-

Sin: We respectfully in vite you to co-operate with the Committee in securing the attendance of delegates to a meeting to be held in this city, on Wednesday, 6 P. M., the 6th of November, to take into consideration the bject named.

To this end, you are earnestly requested to send the ablest representative men in your District-say from five to ten in number-who you are assured will act harmoniously in behalf of the interests of the white citizens of South

A correspondence with influential public nen at the North has satisfied us that a conrention held here, for the purpose of expressing the will of our intelligent and respectable people, will be of incalculable benefit to the State, and the call therefor has been advisedly

The chief business to be done by the Convention will be: To issue an address to the people of the State and country, expressive of our opposition to the policy which gives the negro the control of the ballot-box and jury box; to memorialize Congress to reconsider the reconstruction bills, and remove the existing obstacles to a full, free and harmonious expres sion of the intelligent public opinion of the people of the State; to adopt such measures as will influence our citizens to oppose, in a proper and lawful manner, all schemes which are calculated to result in negro domination and the utter destruction of the best interests of the State.

JAMES G. GIBBES. WILLIAM WALLACE, SAMUEL W. MELTON. For the Committee.

Favorable answers have been returned from nearly every District; and as the Presidents of all the railroads in the State have signified their willingness to pass delegates to and from Columbia for one fare, there will, doubtless, be a full representation.

A card is also published in the Phanic, calling for a meeting of the citizens of Richland, on Monday next, at 12 o'clock, in Gibbes' Hall, for the purpose of appointing delegates

[From the Charleston Buily News:] The Immigrants Coming.

Our people generally, and especially German citizens, will read with interest the following letter received by General Wagener. from Captain Melchers, the Agent of South Carolina for promoting immigration from Germany. It will be seen that, in spite of all difficulties and discouragements, the good work of immigration is steadily advancing:

OLDENBURG, October 3, 1867. General John A. Wagener, Commissioner of Immigration :

DEAR SIR :- Since my last report I have

been nearly always on the wing. I have

traveled principally through the upper part of Germany, Saxony, Bavaria, Wurtemburg, etc. I have distributed your pamphlets through a great many cities, towns and villages, and the people begin to see the importance of South Carolina as a home for them. I am in hopes that by next spring, when the stream of emigrants begin to flow, some will seek South Carolina as their home. I have also sent a thousand copies of the pamphlet to Leipzig, to be sent to every bookstore in the country, where they will be advertised. I sent to five hundred newspapers, out of the three thousand which are published in Germany proper, copies, but from the returns I have seen so far, the press seems to be hostile to our scheme. I send by to-day's mail some specimens. You will notice the articles in the two Auswanderer Zeitung's. I called upon the editor of the Auswanderer Zeitung in Rudolstadt, in company with Mr. Vogler, whom I met in Erfurt. and asked for an explanation. He told me, he had not written the article himself, but one of his friends. He is willing to publish any answer to that article you may choose to send. In a conversation I had with him he asked. among other things, whether Charleston was not situated somewhere in the interior of North Carolina! Such people undertake to publish articles against a State of which they know positively nothing; still some people will beopinion of his industry, energy and varied lieve them. During my travels I found a great many intelligent gentlemen to whom I explained the state of things in South Carolina, and these promised a hearty co-operation. Especially I found among those, who have friends in South Carolina a great desire to assist in getting emigrants to South Carolina. My agent in Bremerhaven has already distributed several hundred pamphlets on board of vessels going with emigrants to the different parts of the United States. This may induce some to seek South Carolina as their home. The bark Gauss, Captain Weiting, will sail with about one hundred and fifty emigrants to Charleston on the 6th of October. I was on board yesterday, everything is ready and the passengers will come down tomorrow from t'eir respective homes. I will not be able to send you a list by this day's pointed to invite a meeting, in this city, of mail, as it will be kept open to the last modelegates from the various districts of the ment. By next mail I will send a complete list of the passengers. As soon as Captain Weiting has sailed, I will again take a trip through the country and see what can be done. and if possible send another vessel this Winter direct to Charleston. If we had steam communication between Bremen and Charleston more might be induced to come direct, as they ill prefer to go be steamer, especially wealthier class, who are able to buy their own
